

## Hydropower Generation Performance in Mula Basin

The Mula river is the major part of Krishna River Basin. The project wise generation data of large hydro with installed capacity of the basin in the latest year 2010-11.

Projects	Inst Capacity (MW)	Generation (MU)	MU/MW
Bhira	150	318	2.12
Bhira Tail Race	80	81	1.01
Bhira PSS	150	557	3.71
<b>Total</b>	<b>380</b>	<b>956</b>	<b>2.52</b>

- The above graph shows the trend line of power generation of Big Hydropower projects for last 26 years in the basin, the trend-line shows diminishing generation from existing hydro power projects of Mula River Basin.
- It shows that the per MW generation in 2010-11 (2.52) has dropped by a huge 43.75% from the highest per MW generation (4.48) achieved in the year 1985-86.
- All generation figures have been taken from official data of Central Electricity Authority (CEA).
